Welcome to Good Friends Fellowship!

DEMON SEED - The SONS OF GOD are only mentioned five times in Scripture -- three times in the book of Job. They refer to the angels or *hosts of the heavens*. There are also fallen angels. Today we will look at why God was compelled to destroy the creation He made with a FLOOD. All was destroyed except eight people. What happened to grieve God so? And is it possible that human culture can become so entangled with demonics that God must do the same again? We'll explore.
